

HOW I TRANSFORMED MY LIFE *and* RECLAIMED MY HOME *in* 365 DAYS

ORGANIZATION IS A LEARNABLE SKILL

On my way home from a long day of teaching, I realized I was falling in every aspect of my life. With my 40th birthday looming in the distance I wondered when I would feel like a success.

In this interview, I share my raw and unfiltered thoughts as I take you along on my transformational journey and transition from a reactive person who moved with the ebbs and flows of life to the proactive person I am today. I walk you through the year that I reclaimed my home and life.

KEY TAKEAWAYS:

- How to reclaim your mindset and start being the hero in your own life, not the victim
- How to reclaim your home one cabinet and drawer at a time
- How to become the best version of yourself by finding more time in your days and weeks so that you can live out your life's unique purpose
- It is not a matter of *if* you will experience unorganized periods in your life, it is a matter of *when* ... and how to handle it.
